Current Invitation And Installation Notes

- New parents receive a secure `Start Parent Setup` link. The setup screen shows the connected school, family, and children before the parent confirms details and the 4 digit kiosk PIN.
- A resent invitation preserves the parent's current password. Use `Forgot password` when needed.
- The installed name may appear as `BEE Parents` or `BEE Suite Parent Portal`, depending on device and browser.

- The installed home-screen app and `https://thebeesuite.io/parents` use the same guardian login and family access.
- Stop and contact the school if the wrong family appears, a child is missing, or the guardian email is incorrect. Do not create a duplicate account.
